The Ultimate Palm-Powered Writing Tool

Dana combines the convenience, affordability, and capability of a hand-held device with the easy access and typing comfort of a full-sized keyboard. Write a story, organize the week, record an appointment, read an eBook, and much more—all when and where you choose, with Dana.

Priced starting at \$350, Dana is your affordable alternative to fragile and expensive laptops. It provides all the writing and organizational tools you need to keep you productive on your busy schedule.

Call toll free **(866) 558-8452** today to secure this multifunctional writing machine for yourself. Or order Dana online at www.alphasmart.com.

Wireless Connectivity Capability

Dana expands your options with available Wi-Fi (802.11b) technology, allowing you to wirelessly connect to the internet from home, office, coffee shop, or thousands of Hot Spots around the country.* Get the Dana Wireless solution for just \$429.

*May require additional service plan and/or access point equipment. Sold separately by third-party vendors. Rates may vary. Hot Spot compatibility dependent on provider's system and browser requirements.

A Laptop-PDA Hybrid

Dana is the durable, portable, simply affordable alternative to delicate laptops and PDA's with small fold-out keyboards. It offers up to 25 full hours of runtime on a single charge, giving you extended, unplugged writing opportunities laptops can't. Type on the full-size keyboard, or write directly onto the extra-wide screen using the Dana stylus, in standard horizontal or clipboard vertical orientation. Carry it easily in briefcase, backpack, or purse. Transport it onto aircraft without the usual unit breakdown during pre-flight inspections.

Dana is equipped with built-in word processing to help you create error-free documents from any site you choose—at home, at school, at work, or at play. When you're searching for the perfect writing tool, Dana delivers!

Rugged, Reliable, and Ready to Go

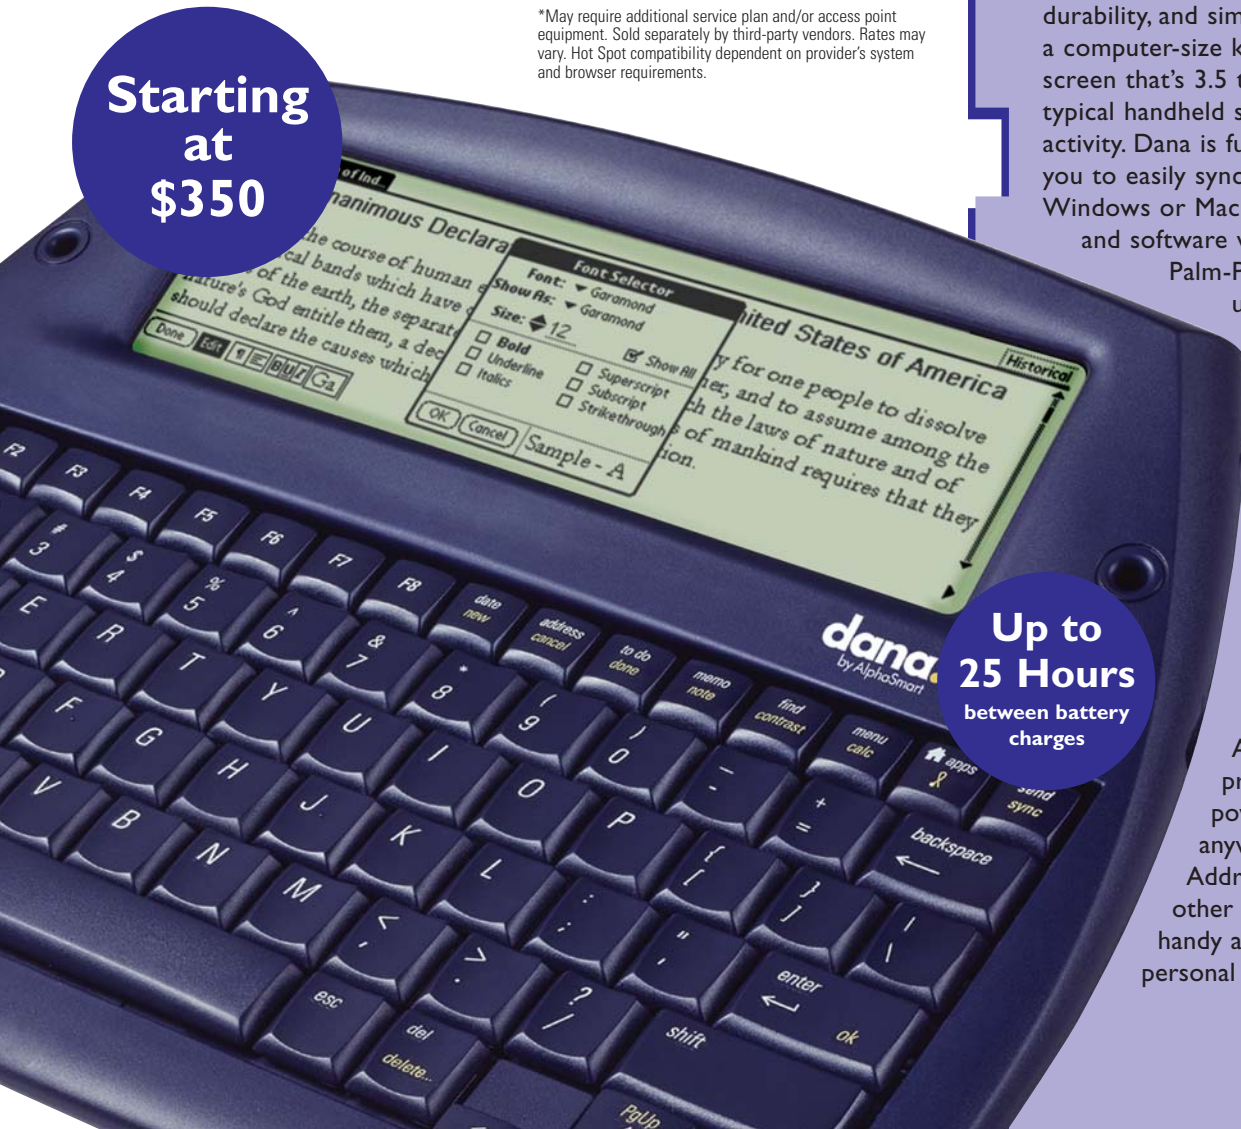

Made of sturdy polycarbonate ABS, Dana offers writers lightweight portability, durability, and simplicity. It's engineered with a computer-size keyboard and a touch screen that's 3.5 times wider than the typical handheld screen, for ultimate writing activity. Dana is fully connectable, allowing you to easily synchronize data with any Windows or Macintosh PC, or share data and software with another Dana or

Palm-Powered device. Dana runs up to a full day on its rechargeable battery pack, or for an unlimited amount of time on its AC adapter (both included). In a pinch, you can easily replace the battery pack with three standard AA batteries when necessary.

Designed for writer convenience, Dana features Palm eBook reader and AlphaWord word processing, to give you the power to read and write anywhere. Plus, Date Book, Address Book, To Do List, and other included software provide handy access to important personal information.

charges

Dana includes:

- AC power adapter for charging battery pack and powering Dana.
- Two USB ports for printing and connecting to a personal computer.
- Two expansion slots for adding memory, attaching peripherals, etc.
- IrDA (infrared) port for beaming data and software with another device.
- One USB cable for synchronizing with Macintosh or Windows computer.
- CD-ROM with Palm Desktop software, applications, and fonts.
- Stylus for onscreen data entry using Graffiti®2 power writing software.
- One Dana Getting Started Guide.
- Documents to Go® Professional software.

Size/Weight

- Weight : 2.0 lbs. (0.91 kg)
- Height: 1.9 in. (4.8 cm)
- Width: 12.4 in. (31.4 cm)
- Depth: 9.3 in. (23.5 cm)

Display

- Grayscale touchscreen LCD with backlight: 7.25" x 2.25"

Applications

- Dana wide screen versions: Address Book, Date Book, To Do List, and Memo Pad.
- AlphaWord, a full-featured word processor with spell check and thesaurus, compatible with Microsoft Word file format.
- Print from Palm applications to many USB and IR-enabled printers.
- Palm Reader (for eBooks).

- Documents to Go Professional software allows you to work on Word, Excel, and PowerPoint files.
- Trial versions of Palm software and included on CD-ROM.

Desktop Import/Export

- Import CSV, tab delimited, TXT, vCard and vCal data.
- Synchronize appointments, to-do lists, memos, and documents.

Operating System

- Palm OS version 4.1.2

Flexible Storage Capacity

- Highly efficient operating system with 16 MB of memory stores thousands of addresses, years of appointments, hundreds of to-do items, memos, documents, and 100+ applications.

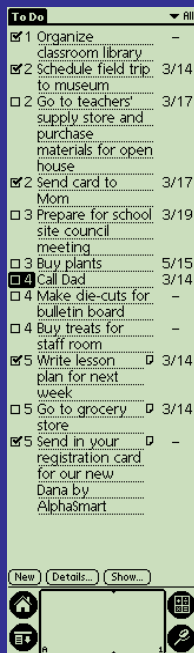

System Requirements for Palm Desktop Software

- Pentium class PC running Windows 98/NT 4.0/2000.ME or XP, 16 MB RAM minimum (32 MB recommended), and 50 MB available hard disk space; or
- Macintosh with PowerPC processor and Mac OS X (version 10.1.2 or higher) or Mac OS 9 (version 9.1 or higher), 12 MB of RAM, and 25 MB available hard disk space
- One available USB port
- CD-ROM drive

Dana provides:

- Excellent battery life—up to 25 hours of use from its rechargeable battery pack.
- AlphaWord, a full-featured word processor with spell check and thesaurus, compatible with Microsoft Word file format.
- A backlit display that's 3.5 times wider than typical handheld devices, and a screen orientation that can rotate 90 degrees in either direction for clipboard-like touchscreen entry.
- Two-key power-on option to prevent accidental power on.
- Built-in IrDA (infrared) port for sending text or printing to IR-enabled devices.

The rotate screen feature lets you change screen orientation with one icon, so you can use Dana like a clipboard. (Display rotates 90 degrees in either direction for easy use in either hand.)
